Alumni Member Spotlight

Meet your 2010-2011 City of Festivals Executive Board!

Our fearless leader, President **Dan Fregoso**, has been a proud member of City of Festivals (COF) for 3 ½ years. He is a graduate of UW-Milwaukee now working for Northwestern Mutual in the Information Systems Department. He enjoys eating Chicken Queso Burritos from Qdoba while watching his favorite movie Anchorman or PTI on ESPN.

Second in command, **Lisa Quarford**, and VP-Operations is also a UW-Milwaukee grad. She has been an asset to COF for 3 years and is a Financial Assistant at the Medical College of Wisconsin. She loves the Simpsons and Spaceballs and believes the most disgusting habit known to man is not washing after going to the "potty".

The money man, Treasurer and a founding member of the COF, **Eric Krueger** is a CPA at Tekra Corporation. He believes the best song ever is "Joyride" by Roxette and would listen to it while dining over his favorite dish, pasta, with Angelina Jolie, pre-Brad Pitt.

Heather Fortney is no stranger to the Alumni, although only a member for 6 months she previously served as VP-Alumni for the Delta Phi Chapter and now as VP-Membership for COF.

Recent Events

The City of Festivals Alumni Chapter has been tearing up the city of Milwaukee and the Northwoods.

To start off the summer the alumni joined in Downtown Dining week with pub crawl stop #18 at John Hawk's Pub. While gathering for the monthly Thursday happy hour a portion of the tab was contributed to One Heartland (founders of Camp Heartland).

Next the COF crew traveled north to Evergreen Campsites in Wild Rose, WI for the annual COF Alumni 'Camping' trip. Alumni and students began the weekend with S%@!y Beer night where each individual brought S%@!y beer to share. Carina Salvadori took the title of worst beer contributed. Saturday brought lounging and even more eating, thanks to the wonderful Chef Stephanie Walker.

Torrential rain, mass flooding and tornados may stop some but not the COF Alumni members. Pub stop #19, Horny Goat Hideaway, was made even more interesting by Mother Nature. Despite the weather a few still braved the storm to gather for drinks but no worries we will give this stop another shot in the coming months.

Alumni members also recently hit the high seas, or at least the Milwaukee River. July was time for the traditional Presidents choice event and the Riverwalk Brewery Boat Tour was chosen. Beginning the day at the Milwaukee Ale House alumni boarded the boat to drift down to Rock Bottom Brewery and then on to the Lakefront Brewery. The clouds parted and gave attendees a wonderful day of Microbrews and fun!

After graduating from UWM she is now working for Chase Bank. Heather loves "The Hills" and if she could dine with anyone she would choose Lauren Conrad and Audrina from the show.

Katie Bohn, although new to the "UW-Milwaukee crew", has been a great presence within our Alumni Chapter and is now our Secretary. She works for A-1 Services and also has a love for the Simpsons as well as anything chocolate.

Hilary Rasmussen is brand new to both the Executive Board and the Alumni. After graduating in May, she now works for Robert W. Baird and is the COF Historian. She has been told a celebrity she resembles is Julia Stiles and if she could dine with anyone she would choose the historic leader of the Frozen Tundra, Vince Lombardi.

Good luck to all of our officers this term!
