Alumni Member Spotlight

STARRING: Heather Fortney

This quarter's member spotlight is someone who is both very involved and dedicated, not only to the City of Festivals but also the Foundation and now, more than ever, the student chapter. Heather Fortney, this quarter's member spotlight, has recently been named the new Delta Phi Chapter Advisor (CA)!

As a student she held many positions within the chapter and currently sits on both the City of Festivals and the Foundation executive boards. As the new CA she will oversee and advise the student chapter throughout the semester and serve as a point of contact for and to the Delta Phi chapter.

Heather currently works at JP Morgan Chase as a Loss Mitigation Underwriter. She is a graduate of UW-Milwaukee where she earned her degree in Marketing and Finance. She has many favorites including brunch on Sunday's, the food in Milwaukee, the Kardashians, hot vacations (proven true by her many visits to Arizona and Vegas) and her pet turtle Hilton!

Heather continues to amp up her involvement within the organization and clearly there's no stopping that any time soon. We thank her for all that she has given and continues to give to AKPsi and the City of Festivals. We all wish her the best of luck as Chapter Advisor and know she will do a fantastic job.

Quarter in Review

The dog days of summer have passed but it was certainly a good one for the City of Festivals (COF) chapter. Both summer days and summer nights were filled with activities. From tailgates to the Peddle Tavern and much more in between we were certainly busy.

The 'Best Damn Pub Crawl' ventured to festively summer locations like Barnacle Buds and Bradford Beach. We wrapped up both the summer and the quarter at the brand new bar in the Third Ward 106 Seeboth.

This quarter the COF also took to new modes of transportation, the Presidents Choice Event, the Third Ward's Peddle Tavern. Members of the chapter peddled their way from O'Lydia's to The Irish Pub, Spin Milwaukee, Charlie's Pub, and Fanatics. After an afternoon of sunshine, fun and tooling around the Third Ward it was another successful Presidents Choice Event. Along with the rest of Brew City, the COF also took part in the success of the Brewers. However this year, the annual Brewer tailgate had a little spin to it. Due to less than agreeable weather the tailgate was moved inside to Kelly's Bleachers for a new kind of tailgate. Despite the weather, the Brew Crew still pulled out a win over the Pirates and the COF members went home happy.

We threw a smattering of other events into the quarter such as the Susan G. Komen Run/Walk and the annual student vs. alumni kickball game, better luck next year kiddos! This past September the City of Festivals Professional Event was also held at Robert Baird on the trading floor. Students and alumni were allowed a sneak peak into the stock market and the workings of the industry.

After a very busy and jam packed summer its safe to say the City of Festivals Alumni chapter made the most of another great summer in Milwaukee.

Every Day'm Shufflin

On October 15th tons of City of Festivals alumni, AKPsi students, and friends will shuffle down North Avenue for the first ever City of Festivals Poker Crawl. The crawl will begin at RC's (1530 E North Ave) at 3pm and proceed to the Eastsider (1732 E North Ave), Can's (1815 E Kenilworth Pl), Replay Sports Bar (2238 North Farwell Avenue) and end at BBC's (2022 E. North Ave). Participants will choose one playing card per participating poker hand at each bar stop. Whoever has the best and worst poker hands at the last stop wins! Specials will be available at each location including the \$50 bar tab for the best hand winner.

Although pre registration is over you can still participate! On our website <http://www.cityoffestivalsalumni.org> you can purchase your poker hands for \$5 per hand. Day of registration will also be available for new participants as well as those that would like to purchase additional hands.

Foundation Focus

The Foundation continues to make great strides, establishing themselves as an active and supportive asset and this quarter was no different. Over the summer months the City of Festivals Foundation (COFF) hosted events involving students and alumni alike.

In the first of new events pairs participated in a Lawn Bowling lesson and tournament at Lake Park. The team of Dan Fregoso and Katie Chiovatero ended up stealing the show but a great time and new hobby was gained by all.

The COFF also hosted their first ever mini golf challenge. Everyone headed to Riverfalls Recreation Center to putt-putt the night away. Ben Mullikin walked away with the best score while Heather Fortney secured the worst and Hilary Rasmussen hit the only hole-in-one of the evening. Both were great events and we look forward to seeing them again next summer.

In the coming months don't forget that the Foundation's donation match promotion is still going on. All new monetary contributions through June 2012 will be matched up to \$1000.00. This is your opportunity to give back to the organization and become a member of the Sapphire Club, which will earn you exclusive membership opportunities. The first of which will be a dinner held on October 11th for members of the Sapphire Club only at Buckley's at 7pm. To become a member or for more details on any of the previously mentioned information please email the Foundation Board at foundation_execs@cityoffestivalsalumni.org.

?? COF Trivia ??

The first person to respond correctly to each trivia question will receive a FREE beverage at the next Best Damn Pub Tour happy hour.

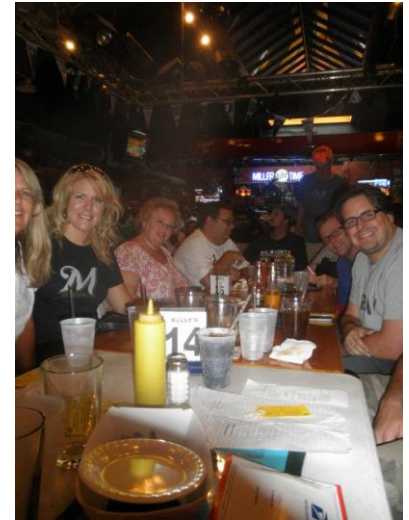

On the day of our very first City of Festivals meeting, July 7th, 1999, who were the Milwaukee Brewers playing against?

Please submit your answers to the executive board via email only

Happy Halloweening

Now that summer is over and Fall has arrived, the leaves are changing colors, its time to pick apples, carve pumpkins and get your Halloween costumes ready! That's right; the date has been set for this years City of Festivals Buckhead Halloween Party.

On Saturday October 22nd, the COF will host its Halloween Party at Buckhead Saloon (1044 N Old World 3rd Street). Arrive between 7:30-10pm and say "AKPsi" at the door and you will receive free cover and access to the party. The night will include plenty of \$1 Jello shots, 2 guest (City of Festivals) bartenders and a costume contest. Everyone is welcome so bring your friends and start getting your costumes ready because the competition is going to be steep.

Imported Alumni

Over the past few years our chapter has grown and broken membership records to date. We are made up of a lot of different kinds of members, recent graduates, seasoned veterans, some from UW-Milwaukee, some from locations that are close and some from afar. This summer we imported two new members from the same Beta Gamma Chapter of AKPsi at Indiana University (IU).

Justin Greenberger and Ben Komplin both graduated from IU in the spring of 2010. While students at Indiana both Justin and Ben were very active in their large chapter (roughly 80 active members and an average pledge class of 35). Justin held positions including Director of Technology and VP of Membership as well as 'Quiz Master', a position developed to assist the pledge class. Ben did a lot of work within the IU Alumni Chapter; he sat on the students Alumni Committee as well as serving two semesters as their VP of Alumni Relations.

Both ventured to Milwaukee for different job positions, Justin for the Information Management Leadership Program at GE and Ben for a position as an Analyst in Young Men's Tops at Kohl's. And while in Milwaukee both sought out the City of Festivals as a new connection to AKPsi. Justin found us though 'the magical world of the internet' and Ben was introduced to us through Annie Oemichen, who works with Ben at Kohl's.

Justin and Ben are fantastic additions to the City of Festivals chapter. They have plenty of experience and a brand new insight to offer to both our chapter and the Delta Phi chapter. Please introduce yourself and get to know them as you see them at future meetings and events – and feel free to use them as resources for any future AKPsi and COF ideas!
